Daystate

WE'VE GOT IT COVERED

Discover a range of accessories for your Daystate or BRK Brocock air rifle and your MTC optics rifle scope.

We have a comprehensive range of accessories made in collaboration with leading accessory manufacturers in the airgun sector. We only work with best companies that fit our desired specifications. For some accessories, these same manufacturers couldn't meet our precise requirements, so we made certain products ourselves with home brands including Aim Grip, Rangemaster and 0dB!

All accessories are fully guaranteed and do not interfere with the warranty of your rifle or optics. Order from your local stockist, or can be purchased directly from the online store using the QR code provided.

On your compatible Android, iPhone or tablet, open the built-in camera app. Point the camera at the QR code. Tap the banner that appears on your phone or tablet. Or use the Hyperlink provided in the item titles, clicking the link takes you directly to the item in the online store.

DELTA WOLF

ELECTRONIC SUPER GUN

Cheek Rest riser. Adjustable for position and height to allow you to get the perfect eye relief and perfect head position.

Direct fit to Alpha and Delta Wolf with no modification required.

Rubber eye cup.

BluePrint Adjustable Scope Mounts. Height and tilt-adjustment to ensure your MTC scope is perfectly aligned with the rifle's bore, as well as the target.

0dB Silencer. The most efficient and centred silencer for a Delta Wolf rifle

MTC Optics Copperhead scopes 4-16 X 44 F2 - a super-compact telescopic sight that will appeal to shooters who wish for a short, lightweight 30mm tubed scope.

Hi capacity replacement bottles in 480 or 580cc for fast change in the field or on the range

Lightweight heavy-duty tactical bipod with monopod/hand grip with Picatinny fitment.

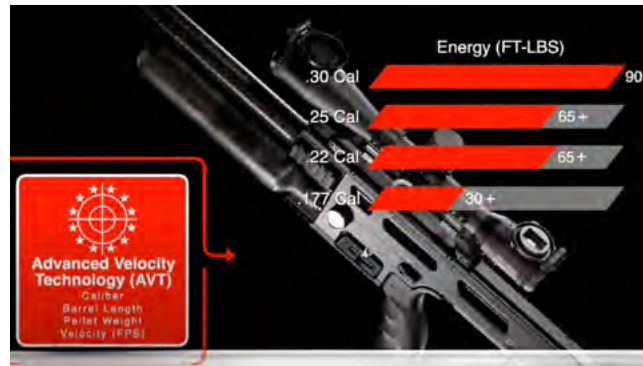

Delta Wolf Race Rail. A fantastic accessory for any Delta Wolf, the new RACE under-rail features a full-length ARCA rail and 17 M-LOK slots to allow fitting of multiple range of aftermarket accessories. Fits in minutes using the four existing mounting points and replaces the standard trigger guard/picatinny assembly.

Direct replacement for the standard pad, fits in seconds and easily removable.

Lightweight and fully adjustable, ideal for competition or where a longer reach to the trigger is wanted.

Height and angle adjustment for multiple fit. incorporates a monopod and quick adjustment lever.

Bag rider. Provides support for additional sandbag rest when shooting off a support or bench rest.

ALPHA WOLF

BORN TO RACE

MTC Optics Copperhead scopes 4-16 X 44 F2.
A super-compact telescopic sight that will appeal to shooters who wish for a short, lightweight 30mm tubed scope.

The gate-loading self-indexing magazine is available, which itself sports an even greater payload.
A single shot loader allows single-shot loading, perhaps for target shooting. A second magazine can be added to double the shot count.

0dB Silencer. The correct silencer for an Alpha Wolf rifle.

Part of design of this fantastic modern rifle is to allow for easy calibre changes. Kit comprises of a barrel, carbon fibre shroud, integral chronograph, replacement breech bolt, and magazine.

ULTRA Firing Valve
Alpha Wolf upgrade.

Hi capacity replacement bottles in 480 or 580cc for fast change in the field or on the range.

Lightweight heavy-duty tactical bipod with monopod/hand grip with Picatinny fitment.

The Data Transfer Device (DTD) and lead will allow you to access the full potential of your rifle by connecting your PC (not Apple OS compatible) directly to the Alpha Wolf.

Bag rider. Provides support for additional sandbag rest when shooting of a support or bench rest.

Direct replacement for the standard pad, fits in seconds and easily removable. Lightweight and fully adjustable.

RED WOLF

BORN TO WIN

MTC's reach forward Blueprint scope mount is the perfect choice for marrying just about any length scope to just about any rifle's receiver.

The King Cobra 4-16x50 features MTC's SCB2 reticle, super bright optics and a choice of first or second focal plane.

0dB Silencer. The correct silencer for the Red Wolf rifle.

Adjustable butt pad with monopod attachment.

Hi capacity replacement bottles in 480 or 580cc for fast change in the field or on the range.

Red Wolf extended rail UIT/Arca Picatinny fitment. Fits direct to stock with no drilling and can be easily removed when not needed.

Lightweight, heavy-duty tactical bipod with monopod/hand grip with Picatinny fitment.

Pellet choice has a key bearing on downrange accuracy and power. To ensure the best results, Daystate chooses its own!

Quick-release Picatinny monopod and bag rider-perfect for benchrest.

RED WOLF GP

ELECTRONIC SUPER GUN

The King Cobra 8-32x50 F1 has been crafted for long range shooters who need extra magnification as well as the ability to dial in at extended ranges.

BluePrint Scope Mounts. A full range of mounts to fit every type of air rifle.

A new accessory for our classical rifles that are fitted Electronic Super Gun with 11/12 mm dovetails. The extra height also allows for lower mounts to be used while still retaining the use of the Daystate self-indexing magazine.

Sunshades and flip covers.

0dB Silencer. The most efficient and centred silencer for a Red Wolf rifle.

Short throw ambidextrous side lever. Includes an extended handle for easier manipulation during speed shooting.

Improve your existing Daystate Red Wolf with the fantastic Grand Prix stock.

No matter what make or model of air rifle you shoot, pellet choice has a key bearing on downrange accuracy and power.

Neil Palmer, World Champion with the Red Wolf GP

GHOST

INNOVATION IN DESIGN

The NEW BRK MF 1/2" UNF Air Gun Silencer is the quietest silencer BRK has ever made!

Nothing compares with an MTC scope. Airgun or high powered full-bore, an MTC scope earns its reputation day in, day out.

This fast-swap system means you can have multiple rifles in the one platform!

Cheek Riser allows for correct eye/scope alignment and helps eliminate aiming errors.

Multi-adjustable butt pad adapter plate and adjustable Monopod

Direct fit extended accessory rail, designed specifically for the BRK Ghost.

Allows fitting of accessories like bipod and flashlight etc.

Self-indexing magazine for precise fast firing capability. Two magazines can be attached either side to double the shot count.

Lightweight heavy-duty tactical bipod with monopod/hand grip.

CUSTOM GUNS AND ACCESSORIES

MAKING OWNERSHIP JUST THAT LITTLE BIT EXTRA

Many rifles in the Daystate and BRK collection are released as Special and Limited Edition rifles, making ownership of these rifles just that little bit extra and have a strong collectors market.

The company's websites have a reservation form that allows you to order a rifle, when available, the company will then arrange for a local supplier to contact you to arrange purchase and delivery.

DAYSTATE | WOLVERINE SAPPHIRE LIMITED EDITION

Beautifully styled in a laminated blue stock and matching sapphire blue finish, the new Wolverine R Sapphire serves to remind shooters that besides lead-ing the airgun world technologically, Daystate also creates some of the finest looking rifles in more classical format.

DAYSTATE | ALPHA WOLF BLUE SPECIAL EDITION

Want to stand out from the crowd? Daystate have the Alpha Wolf Blue Edition. Crammed full of the advanced features shooters of the world's most advanced air rifle already enjoy, including a built-in chronograph, Huma-Air regulator, electronic trigger and firing action and touch-screen accessible adjustments and functions.

GHOST WORLD RECORD

SHOOTING TO VICTORY

The accessories pack is an ideal set to enhance your target shooting. The package comprises of- Adjustable butt pad, Cheek riser assembly, Aim Grip bipod, Bag Rider and a 0dB 110 black silencer.

The loader allows single shot loading, perhaps for target shooting or pellet type testing.

Barrel tuning system. Developed by the world champion for BRK.

Set of 6 pre-rated springs that allows tuners to adjust the hammer tension to suit different pellets and slugs

Carbon fibre wrapped alloy bottle. Supplied without internal valve. Rated to SWP of 250BAR. A choice of 480cc or 580cc.

The NEW BRK MF 1/2" UNF Air Gun Silencer is the quietest silencer BRK has ever made!

Winning not one but two world championship titles is an amazing feat, but to set a world record score in the process is an incredible achievement.

And yet that's exactly what Fady Kiwan did earlier this year at the Benchrest Rimfire and Air Rifle Championships held in Plzen, Czech Republic where he used the same BRK Ghost across the many disciplines, only changing the barrel length and caliber - one of the rifle's key design benefits.

To celebrate Fady's success, BRK has launched a special edition Ghost based on the two-time world championship winning rifle.

The BRK Ghost World Record is limited to just 250 rifles worldwide.

With a striking red color scheme and custom designed engraving to celebrate the world championship wins, the rifle is also equipped with top and bottom race ARCA and M-Lok rails for competition use. Other than that, in keeping with Fady's record-breaking approach, all other features are standard. These include a 20-point power dial; adjustable regulator pressure, carbon air bottle; moveable Picatinny scope rail and the ability to accommodate a range of accessories.

A man wearing a black Daystate cap with a yellow brim and a black Daystate jacket is holding a Delta Wolf air rifle. The rifle is black and tan with a Mamba Pro scope. The background is a blurred green forest.

BRK OFFICIAL GIFT RANGE

BRK BROCOCK GREY SNOOD £20.00

Made from soft, stretch poly and fleece materials to keep your neck and face super warm. Wear it as just a neck warmer, or pull it up to protect your face from cold winds. Embroidered with the BRK logo.

One size fits all.

BRK BROCOCK GREY KNITTED SCARF £25.00

Made from 100% acrylic material, the scarf is long and 'double layered', with a rib-knit stitch pattern. Embroidered with the BRK logo.

One size fits all.

BRK GHOST MUG £9.00

Take a shooting break in style with a BRK Brocock Ghost Mug! Drink your tea and coffee while admiring all three models of the all-conquering BRK Ghost - the Carbine, Plus and HP.

BRK GENERAL ACCESSORIES

BRK BROCOCK QD TACTICAL SLING KIT £56.40

A 3-point tactical black rifle sling, complete with all fitments for your BRK rifle

AIMGRIP LIGHTWEIGHT TACTICAL BIPOD £94.00

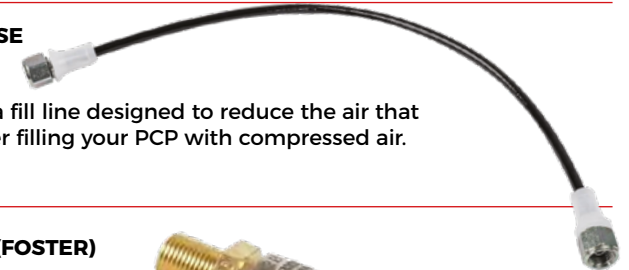

The super-lightweight Aim Grip Bipod features carbon-fibre legs, individually extendable from 165 to 216mm to assure you of a rock-steady aim.

Plus it boasts a second, detachable monopod/handgrip for even faster deployment.

MICROBORE PCP CHARGING HOSE £16.00

Microbore PCP Charging Hose is a fill line designed to reduce the air that is wasted when 'bleeding off' after filling your PCP with compressed air. 300 BAR (4,350psi) rated.

LONG-REACH FILL CONNECTOR (FOSTER) £14.50

Brocock snap-fit Foster type (locking) connector for charging BRK-Brocock PCP air rifles with snap-fit fill system. Connects to charging hose via standard 1/8" BSP male thread (requires separate hose).

MTC SCOPES

KING COBRA F1 8-32X50 FFP

£440.00

The King Cobra 8-32x50 F1 has been crafted for long range shooters who need extra magnification as well as the ability to dial in at extended ranges.

KING COBRA F1 6-24X50 2FP

£375.00

For shooters who favour higher-powered Second Focal Plane (FFP) scopes.

KING COBRA F1 6-24X50 FFP

£415.00

Will appeal to shooters who favour higher-powered First Focal Plane (FFP) scopes, where the relationship between target and crosshair size remains constant throughout the scope's entire magnification range.

KING COBRA F1 4-16X50 FFP

£379.00

The King Cobra 4-16x50 F1 features MTC's familiar SCB2 multi-aimpoint reticle. Set in the first focal plane (FFP), it ensures plenty of aimpoints to counter trajectory and windage deviation without obscuring the target.

MTC SCOPES

KING COBRA F2 4-16X50 2FP £345.00

To maintain a bright sight picture, the F2's 30mm tube has been matched to a high-quality, 50mm objective lens that's been specially coated to maximise light-to-eye transmission for a bright, clear image on every zoom setting.

COPPERHEAD F2 3-12X44 £312.00

Despite its small size lacks nothing in features or optical clarity. With click-stop adjustments in MILs (1 click =1cm at 100m), actuated via lockable, finger-adjustable elevation and windage turrets.

COPPERHEAD F2 4-16X44 £328.00

A super compact telescopic sight that will appeal to shooters who wish for a short, lightweight 30mm tubed scope.

VIPER CONNECT 4-16X32 £339.00

4-16x Viper Connect has been paired to a 32mm diameter objective lens for the brightest of sight pictures in the trickiest of lighting scenarios. And the centre of the latest AMD2 reticle

MTC SCOPES

VIPER CONNECT 3-12X32

£312.00

Viper Connect gives an amazingly wide field of view - almost double at 10x compared to a conventional scope

VIPER PRO 3-18X50

£447.00

Super bright multi coated optics for a new standard of light transfer

VIPER PRO 5-30X50

£463.00

High magnification combined with best and most sophisticated turret design available anywhere

SWAT PRISMATIC 12X50

£490.00

The stacked prismatic lenses of the SWAT 12x50 means it measures up at just 156mm. The field of view from its 50mm front lens is three times more than a conventional scope

SWAT PRISMATIC 10X30
£370.00

Despite its small dimensions - it measures just 123mm from the 30mm objective to the eyepiece - the 10x30 offers a much wider field of view than a conventional 10x magnification scope

MAMBA LITE 3-12X42
£270.00

10 metres to infinity side parallax and magnetic flip covers which incorporate the patented 2x magnifier pane in the rear cover

MAMBA LITE 4-16X42
£281.00

The MambaLite 4-16x42 is a lightweight scope with exceptional light transfer

MAMBA ULTRA LITE 3-10X40
£208.00

The UltraLite offers shooters the option to keep their combos light and manageable. weighing just 546 grams, yet it maintains an array of practical features
