MTC
OPTICS

WE'VE GOT IT COVERED

Discover a range of accessories for your Daystate or BRK Brocock air rifle and your MTC Optics riflescope.

We have a comprehensive range of accessories made in collaboration with leading accessory manufacturers in the airgun sector. We only work with best companies that fit our desired specifications. For some accessories, these same manufacturers couldn't meet our precise requirements, so we made certain products ourselves, with brands like AimGrip, Rangemaster and OdB.

All accessories are fully guaranteed and do not interfere with the warranty of your rifle or optics. Order from your local stockist, or purchase directly from the online store using the QR code provided.

Just open the camera app on your smart device, point it at the QR code and then tap the banner that appears on the screen to go directly to the item in our online store. Or you can use the weblink where also provided in this catalogue.

BLACKWOLF

MODULAR RIFLE SYSTEM

BLACKWOLF IS A TOTALLY NEW PLATFORM

So you can start with the rifle that meets your current needs, then adapt it later as your requirements change.

With 16 unique features never before seen together in a single Daystate air rifle, Blackwolf exudes engineering excellence throughout.

Blackwolf is available with either a cylinder (C-Type) or buddy-bottle (B-Type) action, with black hardwood, walnut or laminate stock options. There's also a TAC Tactical version.

Yet that Daystate style has not been forgotten. Decades of our world-leading PCP design and manufacture are also in this rifle, which is why we consider the new Blackwolf to be:

ENGINEERED ART

BLACKWOLF

ENGINEERED ART

MTC's optional King Cobra 8-32x50 FFP scope gives you long range precision

All stocks feature an adjustable cheek riser and butt pad to allow for correct eye/scope alignment and help eliminate aiming errors

GEN4 adjustable butt pad with Adapter

The Gecko Target Grip features a more vertical rake - competition ready

Lightweight heavy-duty tactical bipod with monopod/hand grip and Picatinny fitment

Quick-release Picatinny monopod - perfect for benchrest

ALPHA WOLF | SHADOW

NEW
FOR
2026

UNRIVALLED ACCURACY

You asked for it, we delivered. The Alpha Wolf Shadow is a new, compact and stylish addition to the Alpha Wolf den. At just 731mm and a little over 3 kgs in weight, the new Shadow features a 300cc carbon-wrapped air bottle and a stylish grey stock.

The Alpha Wolf Shadow features the same electronic interface as Daystate's SMART models, where removal of the chronograph reduces overall length and allows for instant power adjustability at the touch of a screen. This makes it ideal for preventing over-penetration of certain target types when required.

The Alpha Wolf Shadow's short overall length and super-pointable handling, combined with a sophisticated and proven electronic action and unerring accuracy, makes it ideal for hunting and pest control. It's especially suited for shooting in confined spaces like farm buildings, hides and from vehicles.

Key Features

- Full 17" Lothar Walther barrel
- SMART Control electronics
- V3 Optic Race Rail
- Gecko butt Pad
- BRK MF-121 Moderator
- Fitted hard case

GHOST

SPECIAL EDITION

Equipped with top and bottom ARCA and M-Lok race rails, matching blue MF Silencer that is the quietest airgun silencer the company has ever made, race twin-clamp optic rail, performance cocking lever and Gecko recoil pad. The SE versions feature a tensioned barrel system, and come in a custom-fitted hard case.

A serious number of extras are included, making it a great value package. Plus, its unique colourway makes the Ghost SE stand out from the crowd.

Other features are as the 'standard' BRK Ghost, including a 20-point power wheel, ambidextrous action in a one-piece machined block and super consistent regulator for incredible accuracy.

Scan the QR code for the Ghost SE's full specification

A full range of accessories are available for the BRK Ghost to convert and enhance it to win in any type of shooting discipline

Target Grip and cheek piece made from laminated birch finished in either high gloss blue or red

NEW

Single Shot Loader for target shooting or pellet testing

Performance Barrel Clamp provides additional anti-vibration support

Barrel tuning system. Developed by the world champion for BRK

Set of six, pre-rated springs for adjusting the hammer tension to suit different pellets and slugs

Carbon-fiber-wrapped alloy bottle. Supplied with internal valve. Rated to SWP of 250BAR. A choice of 480, 580 or 700cc

The OdB Silencer range performs as impressively as its look suggests

In 2025 The BRK Ghost came of age at the prestigious Extreme Bench Rest Competition in Phoenix Arizona - with no fewer than eight podium positions!

Leading the charge was BRK Ghost shooter Abdallah Fazwaz who, on his first visit to the match, won the 50 yard Benchrest in the Pro-class.

BRK BROCK | **GHOST**

INNOVATION IN DESIGN

The NEW BRK MF 1/2" UNF Airgun Silencer is the quietest BRK has ever made

Nothing compares with an MTC scope. Airgun or high powered full-bore, an MTC scope earns its reputation day in, day out

This fast-swap system means you can have multiple rifles in the one platform

Cheek Riser allows for correct eye/scope alignment and helps eliminate aiming errors

Multi-adjustable GEN4 butt pad adapter plate and adjustable Monopod.

Direct fit extended accessory rail, designed specifically for the BRK Ghost.

Allows fitting of accessories like bipod and flashlight etc

Lightweight heavy-duty AimGrip tactical bipod with monopod/hand grip

Self-indexing magazine for precise fast firing capability.

Two magazines can be attached either side to double the shot-count

Target style grip (RH) and ambi cheek for all models of the Ghost. Cheekpiece features cut-out for magazine/SSL to be accessed from both sides

RED WOLF

BORN TO WIN

Adjustable GEN4 butt pad with monopod attachment

MTC's reach forward BluePrint scope mount is the perfect choice for marrying just about any length scope to just about any rifle's receiver

The King Cobra 4-16x50 features MTC's SCB2 reticle, super bright optics and a choice of first or second focal plane

OdB Silencer. The correct silencer for the Red Wolf rifle

High capacity replacement bottles in 480, 580 or 700cc for fast change in the field or on the range

Red Wolf extended rail UIT/ARCA Picatinny fitment. Fits direct to stock with no drilling and can be easily removed when not needed

Lightweight, heavy-duty AimGrip tactical bipod with monopod/hand grip with Picatinny fitment

Pellet choice has a key bearing on downrange accuracy and power. To ensure the best results, choose Rangemaster pellets

Quick-release Picatinny bag rider - perfect for benchrest

ALPHA WOLF

BORN TO HUNT

MTC Optics Copperhead Safari 4-16 X 44 F2 scope. A super-compact telescopic sight that will appeal to shooters who wish for a short, lightweight 30mm-tubed scope

The gate-loading self-indexing magazine is available, which now sports an even greater payload. A second mag can be added to double the shot-count. A single-shot loader (SSL) allows for more precise hand loading

OdB Advantage Target Kit. Airgun barrel tuner kit with mini moderator extension

Part of design of this fantastic modern rifle is to allow for easy caliber changes. Kit comprises a barrel, carbon-fiber shroud, integral chronograph, replacement breech bolt and magazine

High-capacity replacement bottles in 480, 580 or 700cc for fast change in the field or on the range

Forend Extension Rail offers more options to fit accessories with Picatinny, ARCA and UIT mounts

Lightweight heavy-duty AimGrip tactical bipod with monopod/hand grip and Picatinny fitment

The Data Transfer Device (DTD) and lead will allow you to access the full potential of your rifle by connecting your PC (not Apple OS compatible) directly to the Alpha Wolf

Bag rider. Provides support for additional sandbag rest when shooting off a support or bench rest

Magpul MOE SL butt pad upgrade for the Alpha Wolf / Delta Wolf

DELTA WOLF

ELECTRONIC SUPER GUN

Cheek Rest riser. Adjustable for position and height to allow you to get the perfect eye relief and head position.

Direct fit to Alpha and Delta Wolf with no modification required

Rubber scope eye cup

BluePrint Adjustable Scope Mounts. Height and tilt-adjustment to ensure your MTC scope is perfectly aligned with the rifle's bore, as well as the target

MTC Optics Copperhead 4-16 X 44 F2 scope – a super-compact telescopic sight that will appeal to shooters who wish for a short, lightweight 30mm-tubed scope

OdB Silencer. The most efficient and centred silencer for a Delta Wolf

High capacity replacement bottles in 480, 580 or 700cc for fast change in the field or on the range

Direct replacement for the standard pad, the GEN4 butt pad fits in seconds and easily removable.

Lightweight and fully adjustable, ideal for competition or where a longer reach to the trigger is wanted.

Height and angle adjustment for multiple fit. Incorporates a monopod and quick adjustment lever

Bag rider. Provides support for additional sandbag rest when shooting off a support or bench rest

Delta Wolf Race Rail. A fantastic accessory for any Delta Wolf, the new Race under-rail features a full-length ARCA rail and 17 M-LOK slots to allow fitting of multiple range of aftermarket accessories. Fits in minutes using the four existing mounting points and replaces the standard trigger guard/Picatinny assembly

Lightweight heavy-duty AimGrip tactical bipod with monopod/hand grip and Picatinny fitment

NEW 'PERFORMANCE' MODELS

ALPHA WOLF / DELTA WOLF

Performance is an apt model designation with which to christen our state-of-the-art Daystate Alpha Wolf and Delta Wolf electronic PCP air rifles!

The Alpha Wolf Performance version costs no more than the original Alpha Wolf model. However, the Performance model features a distinctive two-tone stock. It also sports a new Gecko 3D composite, anti-slip butt pad. Elsewhere, the Performance delivers all the groundbreaking features of the Alpha Wolf. These include an integral chronograph, colour touch screen and full electronic firing cycle.

Scan the QR code for full specifications of the Alpha Wolf Performance

The Delta Wolf Performance version is aimed more at the dedicated Benchrest Shooter. The Delta Wolf Performance model comes with an M-Lock ARCA rail and Gecko vertical target-style grip made using the very latest in lightweight 3D additive printing technology. The Delta Performance package is completed with a new 3D composite, deeper Gecko anti-slip butt pad.

Additionally, the ongoing evolution of our groundbreaking Alpha and Delta Wolf rifles means that these designated 'Performance' versions have never been more powerful, or more reliable. In short, there has never been a better time to invest in an Alpha or Delta Wolf PCP air rifle because in Performance guise, the world's most advanced airguns just went up another notch.

Scan the QR code for full specifications of the Delta Wolf Performance

'SMART' MODEL

ALPHA WOLF / DELTA WOLF

The new Daystate Alpha Wolf/Delta Wolf Smart model is a fresh look at our groundbreaking and revolutionary electronic PCP air rifle. Alpha Wolf/Delta Wolf Smart is clever by its simplicity. Both versions feature simpler electronic programs that do not require a chronograph and function more like a mechanical rifle. Yet they still feature all the advantages of a computerized action, programmed to deliver the incredible performance that this groundbreaking electronic PCP air rifle is known for.

Appealing to shooters who prefer to 'set-and-forget' their guns, the 'Smart' designated models offer a simpler and more affordable way to enjoy the world's most advanced air rifles!

Scan the QR code for full specifications of the Alpha Wolf Smart

Scan the QR code for full specifications of the Delta Wolf Smart

ALPHA WOLF / DELTA WOLF

BARREL SYSTEM

The fast-change barrel system fitted to all Alpha and Delta Wolf rifles features a choice of ART barrels. Specially developed by our Accuracy Research Team (ART), they can be acquired separately to allow caliber / power changes of your rifle in minutes. Three lengths are available in four calibers. Additionally, the longest barrel is suitable for the very latest airgun slugs.

They can be ordered as a full kit - including caliber-specific fill probe and magazine - or as a barrel and shroud assembly on its own. Versions are available for both Performance and Smart models - ie with or without the integral chronograph.

Barrel options:

17 inch (432mm) .177/4.5mm, .22/5.5mm calibers.
Suitable for airgun pellets up to 30ft/lbs power level.

23 inch (600mm) .177/4.5mm, .22/5.5mm, .25/6.35mm, .30/7.62mm calibers.
Suitable for airgun pellets up to 97ft/lbs power level.

28 inch (711mm) .177/4.5mm, .22/5.5mm, .25/6.35mm, .30/7.62mm calibers.
Suitable for airgun slugs up to 115ft/lbs power level.

Scan the QR code for
Alpha Wolf / Delta Wolf
barrel kit options

The Barrel Caliber Changing Kit converts the configuration of both Daystate Alpha Wolf and Delta Wolf electronic PCP air rifle models. It only requires a 2mm and 3mm hex wrench, with no specialist gunsmithing skill. You can swap barrel, change caliber and power settings in under six minutes!

CHRONOGRAPH

ART BARREL

OdB ATP & SSP SYSTEMS

THE ULTIMATE AIRGUN BARREL TUNER & SILENCER

The OdB Advantage Target Pro (ATP) and Stealth Silencer Pro (SSP) Systems represent the ultimate in airgun silencer and barrel tuner kits. Why? Not only does this system work to improve accuracy, it also works as a sound-suppressor.

Development and design

The ATP incorporates years of data we have collected from our experience in the Extreme Benchrest target shooting arena. By working closely with some of the world's best competition shooters, we have developed a harmonic tuning system to incorporate a sound moderator.

Advantage Target Pro shooters can now tune the harmonics of their rifle's barrel for optimum accuracy with the ammo they are using. Tuning is done by hand by rotating the internal weight inside the bronze-coloured tuner housing, making it both quick and easy to achieve the desired setting. Threaded to fit universal ½ in. UNF fitting, meaning the tuner will fit air rifle muzzles with a conventional ½ in. UNF male thread. Using a special key, you can add an extra baffle or baffles* to add to the sound suppression.

Stealth Silencer Pro

The SSP is a short silencer with a ½ in. UNF fitting. Using the special key, different caliber inserts* are added. For the best silencing effect choose the correct insert for the caliber rifle you are using. *Multiple additional silencer baffles can be added to the front end until the desired level of sound suppression is achieved.

KIT	TUNER UNIT	SILENCER UNIT	CALIBER INSERTS	KEY	CASE

OdB Stealth Silencer Pro Kit		•	•	•	•
OdB Ultimate Pro (ATP & SSP) Kit	•	•	•	•	•
OdB Advantage Target Pro	•				
Additional Silencer Baffle			•		

*Included is a set of composite baffles for different calibers - .177/4.5mm, .22/5.5mm, .25/6.35mm and .30/7.62mm - enabling you to optimise the noise suppressing efficiency according to the caliber of the rifle to which it is fitted, as well as tightening up the downrange groups.

CUSTOM GUNS AND ACCESSORIES

MAKING OWNERSHIP JUST THAT LITTLE BIT EXTRA SPECIAL

Many rifles in the Daystate and BRK collection are released as Special and Limited Edition models. This makes ownership just that little bit extra special and, consequently, such models have even higher prestige among airgun connoisseurs and collectors.

The companies' websites have a reservation form that allows you to order a rifle, when available. Daystate / BRK Brocock will then arrange for a local supplier to contact you to arrange purchase and delivery.

DAYSTATE | WOLVERINE R SAPPHIRE LIMITED EDITION

Beautifully styled in a laminated blue stock and matching sapphire blue finish, the new Wolverine R Sapphire serves to remind shooters that besides leading the airgun world technologically, Daystate also creates some of the finest looking rifles in a more classical format.

.177 shown

 **ALPHA WOLF / DELTA WOLF GUNBAG**
From £67.00

Available in Short (800 x 310mm) and Long (1,140 x 355mm) formats.

Made from 600 denier Cordura, these quality bags are made to our exacting specification in the UK.

Featuring strong carrying handles, a 3/4 length heavy-duty zip and two zip closed pockets for accessories. The Long version also contains a spare barrel sleeve.

0dB AIRGUN SILENCER (½" UNF)
0dB Short (110mm) From £108.00
0dB Long (160mm) From £164.00

Externally, stylish flutes work to diffuse reflections while, internally, a specially developed baffle and mesh system dissipates both noise and air turbulence. Available in black, sand, blue, red, orange and silver.

 **AIMGRIP LIGHTWEIGHT TACTICAL BIPOD**
£94.00

The super-lightweight AimGrip Bipod features carbon-fiber legs, individually extendable from 165 to 216mm to assure you of a rock-steady aim. Plus it boasts a second, detachable monopod/handgrip for even faster deployment.

 **ALPHA WOLF / DELTA WOLF DATA TRANSFER DEVICE (DTD)**
£120.00

The DTD Data Transfer Device allows you to connect your Alpha Wolf / Delta Wolf to a Windows Laptop or PC PC. (NB: Not compatible with iOS).

 **DELTA WOLF PICATINNY ARCA RAIL FOREND EXTENSION**
£160.00

Dual rail system allowing use of ARCA and Picatinny accessories. Long and Compact versions available.

 **ALPHA WOLF FOREND EXTENSION RAIL**
£138.00

A Picatinny ARCA and UIT Accessory Rail comes supplied with the Extension.

 **ALPHA WOLF / DELTA WOLF CARBON-FIBER BUDDY BOTTLE**
From £250.00

480, 580 or 700cc carbon-fiber bottle with integral valve, rated to SWP of 250BAR.

ALPHA WOLF / DELTA WOLF

PERFORMANCE BARREL CLAMP

£108.00

Provides additional anti-vibration support for Alpha Wolf and Delta Wolf High Power models. Can also be fitted to 17" barrel models.

CHEEK RISER

£77.99

Easy adjustment of cheekpiece height for correct head position. Direct fit, with no modification required.

DELTA WOLF M-LOK/ARCA FOREND RAIL

£190.00

A fantastic accessory for any Delta Wolf, the new RACE under-rail features a full-length rail with 17 M-LOK slots to allow fitting of multiple range of aftermarket accessories. Fits in minutes using the four existing mounting points and replaces the standard trigger guard/Picatinny assembly.

GEN4 ADJUSTABLE BUTT PAD WITH MONOPOD

£285.00

Lightweight and fully adjustable to suit all shooters. Ideal for competition or use in the field.

RACE RAIL TWIN-CLAMP SCOPE INTERMOUNT

£75.00

An 11/12mm to Picatinny optic riser rail with a 0.3 degree tilt to aid zeroing that is designed to fit the Alpha Wolf.

It can also be used on any rifle that has an 11/12mm top rail where extra scope height is needed, such as when fitting digital sights.

GEN4 ADJUSTABLE BUTT PAD WITH ADAPTER

£220.00

Ideal for competition or use in the field. Direct fit using supplied adapter, no tools required.

ALPHA WOLF / DELTA WOLF PERFORMANCE PACK

£465.00

Saving a considerable sum off the items if bought individually.

This accessories package comprises: GEN4 adjustable butt pad, cheek riser, AimGrip bipod, bag rider and 0dB 110 black Silencer.

QUICK-FILL PORT COVER (ALPHA WOLF & RED WOLF GP)

£6.18

Works on all current Daystate rifles fitted with a Foster-style male connector. Magnetically attached.

QD TACTICAL SLING KIT

£47.00

A 3-point tactical black rifle sling, complete with all fitments for your rifle.

ALPHA WOLF / DELTA WOLF

ALPHA WOLF CONVERSION PACK £600.00

Dedicated kit to convert an existing Delta Wolf to Alpha Wolf specification.

BIATHLON COCKING LEVER £37.00

Two-part design can be reverse-mounted, and works with right- or left-hand cocking. The bottom lever can be used on its own.

ULTRA FIRING VALVE UPGRADE (FAC / HIPOWER MODELS ONLY) £95.00

Upgrade the existing firing valve on High Power Alpha Wolf and Delta Wolf rifles to the latest ULTRA high-flow version.

GECKO ANTI-SLIP BUTT PAD £54.00

The Gecko Anti-Slip Butt Pad is a 3D composite Performance Center upgrade designed to fit all variants of the Alpha Wolf and Delta Wolf. The Gecko is 10mm deeper and features rubber inserts for a firmer in-the-shoulder hold. Easy to fit using standard tools, no gunsmith experience necessary.

MAGPUL RUBBER BUTT PAD £112.00

Enhanced butt pad upgrade, paired with a custom-machined back plate for tailored fit to your Alpha Wolf / Delta Wolf rifle. Height adjustable for perfect gunfit.

GECKO DELTA WOLF TARGET GRIP £89.00

The Gecko Delta Wolf Target Grip is a 3D composite Performance Center upgrade designed specifically to fit all variants of Delta Wolf. Also features an adjustable vertical rake to suit competition-orientated set-ups (eg. FT, Benchrest).

The Gecko also features an adjustable thumb rest, which can be swapped to the left or right side (or removed altogether).

Easy to fit using standard tools.

DELTA WOLF GRIP / CHEEKPIECE SET £197.00

Target style grip comes with vertical rake. Cheekpiece features cut-out to allow magazine loading from both sides. Choice of red or blue.

PERFORMANCE COCKING HANDLE £40.00

The Daystate Performance Cocking Handle is a practical upgrade for both the Alpha Wolf and Delta Wolf. The performance handle sits above and below the sidelever assembly.

RED WOLF

MONOPOD PICATINNY ADAPTER RAIL

£45.00

Often used in conjunction with a Bag Rider attachment (not included)

CHEEKPIECE HEIGHT RISERS

£27.00

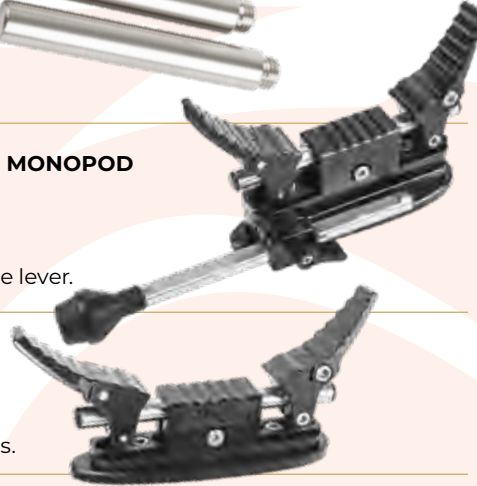

Stainless steel cheek riser extensions replace the standard ones, allowing an extra 15mm adjustment. Also fits Blackwolf.

GEN4 ADJUSTABLE BUTT PAD WITH MONOPOD

£285.00

Direct fit using supplied adapter. Height adjustable monopod using quick-release lever.

GEN4 ADJUSTABLE BUTT PAD WITH ADAPTER

£220.00

Lightweight and fully adjustable to suit shooters.

FOREND EXTENSION RAIL

£197.00

Dual rail system allowing the use of ARCA and Picatinny accessories. Direct fit – no modification required.

SHORT THROW COCKING LEVER

£79.00

Short throw ambidextrous sidelever. Includes an extended handle. Ideal for speed shooting.

SPORTER STOCK - RED LAMINATE

£466.67

Direct replacement for any Red Wolf.

SPORTER STOCK - SAFARI

£341.67

Direct replacement for any Red Wolf.

SPORTER STOCK - WALNUT

£408.33

Direct replacement for any Red Wolf.

SPORTER STOCK - BLUE LAMINATE

£466.67

Direct replacement for any Red Wolf.

CARBON-FIBER BOTTLE 480/580/700CC

From £210.00

Carbon-fiber bottle rated to SWP of 250BAR.

BLACK WOLF

BIATHLON COCKING LEVER
£37.00

Two-part design can be reverse-mounted, and works with right- or left-hand cocking. The bottom lever can be used on its own.

WOLFPAK PREMIUM STICKERS
£4.50

Pair of two Premium 3M self-adhesive Daystate 'WolfPack' stickers. Size: 110 x 60mm.

GEN4 ADJUSTABLE BUTT PAD WITH ADAPTER
£220.00

Lightweight and fully adjustable to suit shooters.

BLACKWOLF BARREL CALIBER CHANGING KIT
£230-£620

This fast-swap barrel/caliber system means you can have multiple rifles in the one platform!

GEN4 ADJUSTABLE BUTT PAD WITH MONOPOD
£285.00

Direct fit using supplied adapter. Height adjustable monopod using quick-release lever.

BLACKWOLF STICKERS
£3.00

Pair of self-adhesive Blackwolf self-adhesive stickers for your PCP air rifle or gun case. Size: 170x58mm.

M-LOK PICATINNY ACCESSORY ADAPTER RAIL
£12.75

M-LOK to Picatinny Accessory Adapter Rail allows the mounting of 22mm-clamp accessories

M-LOK TO UIT ACCESSORY ADAPTOR
£38.00

M-LOK to UIT rail adaptor for UIT accessories

FLIP-OUT SINGLE SHOT LOADER
£85.00

Flip-out Single Shot Loader (MkIII variant). Available in .177, .22, .25 and .30.

PICATINNY RAIL KIT (CONVERTS FROM 11MM BASE) £69.00

Converts 11/12 mm dovetails to a 20mm Picatinny mounting platform.

AIMGRIP LIGHTWEIGHT TACTICAL BIPOD £94.00

The super-lightweight AimGrip tactical bipod features carbon-fiber legs, individually extendable from 165 to 216mm to assure you of a rock-steady aim. Plus it boasts a second, detachable monopod/handgrip for even faster deployment.

QUICK-FILL PORT COVER (ALPHA WOLF & RED WOLF GP) £6.18

Works on all current Daystate rifles fitted with a Foster-style male connector. Magnetically attached.

QD TACTICAL SLING KIT £47.00

A 3-point tactical black rifle sling, complete with all fitments for your rifle.

PELLETS & SLUGS

Rangemaster ammunition has been developed in conjunction with the rifle manufacturing processes at BRK Brocock and Daystate. As rifle manufacturers, we work closely with selected munitions makers from around the globe to select the configurations that work best in our hardware.

The result is a comprehensive range of master air rifle pellets and slugs for BRK Brocock and Daystate PCPs that will help you choose the right ammo for the model you shoot. That could be at sub-12ft/lb or high power, on the club or competition range, or in the hunting field.

 **RANGEMASTER SOVEREIGN**
From £152.40 (for 10 tins)
.177 / 4.5mm 8.44grn (500/tin)

BRK GHOST

 **RACE RAIL TWIN-CLAMP SCOPE INTERMOUNT**
£75.00

11/12mm to Picatinny optic riser rail.

 **M-LOK/ARCA FOREND RAIL**
£190.00

Performance forend under rail provides stability while shooting off a bench.

 **GEN4 ADJUSTABLE BUTT PAD WITH MONOPOD**
£285.00

Lightweight and fully adjustable to suit all shooters. Ideal for competition or use in the field.

 **EXTENDED FOREND RAIL**
£160.00

Dual rail system allowing use of ARCA and Picatinny accessories.

 **BAG RIDER**
£65.00

Quick-release bag rider - perfect for benchrest.

 **SELF-INDEXING MAGAZINE (GATE LOADING)**
£79.00

Available in .177 (13-shot), .22 (11-shot), .25 (10-shot) and .30 (8-shot) calibers.

 **FLIP-OUT SINGLE SHOT LOADER**
£85.00

Single Shot Loader for the BRK Ghost PCP. Available in .177, .22, .25 and .30 calibers.

 **GHOST BARREL KIT**
£230.00-£550.00

This fast-swap barrel/caliber system means you can have multiple rifles in the one platform!

 **BARREL TUNER KIT ('WORLD RECORD' TYPE)**
From £148.00

The barrel tuner as fitted standard on the Ghost World Record Limited Edition, now available as an accessory for Ghost HP.

The barrel tuner is designed to add barrel stability and reduce vibration. It can be used to change tension and harmonics for different calibers.

Kit fits to 600mm (23") or 711mm (28") barrels.
BARREL NOT INCLUDED.

BRK GHOST

QD TACTICAL SLING KIT

£47.00

A 3-point tactical black rifle sling, complete with all fitments for your rifle.

GEN4 ADJUSTABLE BUTT PAD

£220.00

Ideal for competition or use in the field. Direct fit using supplied adapter, no tools required.

BIATHLON COCKING LEVER

£36.00

Two-part design can be reverse-mounted, and works with right- or left-hand cocking. The bottom lever can be used on its own.

PERFORMANCE COCKING HANDLE

£37.00

The BRK Performance Cocking Handle is a practical upgrade for the Ghost. The Performance Handle sits above and below the sidelever assembly.

CARBON-FIBER BUDDY BOTTLE

From £250.00

Available in 480, 580 or 700cc capacity (with internal valve, specific to BRK Ghost). Alloy bottle with carbon-fiber wrap, rated to SWP 250BAR.

CHEEK RISER

£78.00

Easy adjustment of cheekpiece height for correct head position.

Direct fit, with no modification required.

PERFORMANCE BARREL CLAMP

£95.00

Provides additional anti-vibration support for Ghost High Power models, and allows use of silencer. Can also be fitted to 17" barrel models.

HAMMER SPRING POWER TUNING KIT

£34.70

Part of the performance upgrades for the BRK Ghost export and high-power versions. A set of six rated springs to allow the shooter to adjust tension to suit different pellets and pellet types. Note: not suitable for sub-12ft/lbs UK versions.

TACTICAL GUNBAG

From £67.00

Available in Short and Long configurations, this tactical style bag will accept BRK Ghost Carbine and Plus models with or without silencer fitted. This bag is also suitable for the BRK Brocock Ranger and Pathfinder models.

Dimensions: Short (800x310mm), Long (1,140x355mm)

Made from quality 600 denier Cordura, these luxury bags are made to BRK's exacting specification in the UK. Featuring strong carrying handles, a 3/4 length heavy-duty zip and two zip closed pockets for accessories. BRK Brocock-branded.

BRK BROCOCK XR SERIES

 **SELF-INDEXING MAGAZINE (GATE LOADING)**
£79.00

Available for all XR Series models in .177 (13-shot), .22 (11-shot), .25 (10-shot) and .30 (8-shot) calibers.

 **PATHFINDER XR TACTICAL GUNBAG RUCKSACK**
£67.00

Purpose-made for Pathfinder XR but also fits Ranger XR. The Pathfinder XR bag can also be worn as a rucksack. Choice of Black or Green.

0dB AIRGUN SILENCER (½" UNF)
0dB Short (110mm) From £108.00
0dB Long (160mm) From £164.00

Externally, stylish flutes work to diffuse reflections while, internally, a specially developed baffle and mesh system dissipates both noise and air turbulence. Available in black, sand, blue, red, orange and silver.

 **0dB MAGNUM SILENCER (.30 / 7.62MM CAL)**
£265.00

Designed for high power .30 / 7.62mm caliber air rifles with loud muzzle report.

 **MF (MODERATED FREQUENCY) AIRGUN SILENCER**
From £110.00

A must-have accessory for those wanting their guns to shoot with as little muzzle report as possible to avoid disturbance or attention.

 **DEEP RIFLE GUN BAG**
£67.00

Custom designed for all BRK Brocock XR series PCPs, but deep enough to take many other air rifles with a scope fitted. Internal size approx. 1,140mm x 300mm (44.75" x 11.75"). Features strong carry handles and adjustable shoulder strap. Generous side pockets. Hi-density foam protection all round. Embroidered velcro-fit BRK Brocock logo.

 **BRK PICATINNY RAIL KIT (CONVERTS FROM TIMM BASE)**
£65.00

A pair of front and rear Picatinny Adapters for the XR series rifles. Also fits Compatto.

BRK BROCOCK XR SERIES

PICATINNY SIDE MOUNT ACCESSORY RAIL

£57.00

Fits to the Picatinny rail set and allows for additional accessories to be mounted (like a flashlight and laser).

SYNTHETIC THUMBHOLE STOCK - BLACK

£168.00

A Synthetic Thumbhole Stock in Black to fit Brocock Bantam 2 and XR/XR2 series PCP air rifle models. This gunstock features an integral trigger guard, with a skeleton butt.

BROCKADJUSTABLE TRIGGER BLADE UNIT

£26.00

BRK adjustable trigger blade unit. Direct replacement for original curved units fitted to Brocock PCP models from 2014-2021.

LAMINATE THUMBHOLE STOCK - GREY

£336.26

A Laminate Grey Thumbhole Stock to fit Brocock Bantam 2 and XR/XR2 series PCP air rifle models. This gunstock features a separate trigger guard, with a skeleton butt.

CARBON-FIBER BUDDY BOTTLE

From £210.00

Available in 480, 580 or 700cc, these carbon-fiber wrapped alloy bottles are rated to SWP 250BAR. They do not contain an internal valve and will fit the Sniper, Pathfinder and Commander XR/XR2. They will also fit Brocock Bantam and Bantam 2 models.

SYNTHETIC THUMBHOLE STOCK - SAND

£362.00

A Synthetic Thumbhole Stock in Sand to fit Brocock Bantam 2 and XR/XR2 series PCP air rifle models. This gunstock features a separate trigger guard, with a skeleton butt.

ALLOY BUDDY BOTTLE (LEGACY MODELS)

From £95.00

Available in 400cc and 500cc capacity, these are supplied without internal valve to fit Brocock PCP made pre-2017. However, they will also fit some post-2017 XR Series models. Rated to SWP 232BAR

TEXTURED WOOD THUMBHOLE STOCK - SAFARI

£266.00

A Synthetic Thumbhole Stock in Sand to fit Brocock Bantam 2 and XR/XR2 series PCP air rifle models. This gunstock features a separate trigger guard, with a skeleton butt.

AIMGRIP LIGHTWEIGHT TACTICAL BIPOD
£94.00

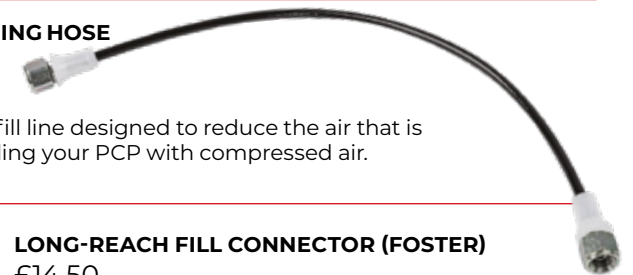

The super-lightweight AimGrip Tactical Bipod features carbon-fiber legs, individually extendable from 165 to 216mm to assure you of a rock-steady aim.

Plus it boasts a second, detachable monopod/handgrip for even faster deployment.

MICROBORE PCP CHARGING HOSE
£16.00

Microbore PCP Charging Hose is a fill line designed to reduce the air that is wasted when 'bleeding off' after filling your PCP with compressed air. 300 BAR (4,350psi) rated.

LONG-REACH FILL CONNECTOR (FOSTER)
£14.50

Snap-fit foster type (locking connector for charging BRK PCP air rifles with snap-fit fill system. Connects to charging hose via standard 1/8" BSP male thread (requires separate hose).

BRK (NEW STYLE) PRESSURE GAUGE
£15.00

Manometer with black face and new BRK logo in red/white. Rated to 250 BAR (3,625psi) to fit all current BRK PCP air rifle models. Vernier features yellow sprung needle-pointer, with 10 BAR incremental vernier scale. 0-80 BAR shaded to indicated low-pressure.

COPPERHEAD F2

A SUPER-COMPACT LINE THAT GOES LONG ON PERFORMANCE!

COPPERHEAD SAFARI 4-16X44 F2
£348.00

The new Safari version of the Copperhead 4-16X44 F2 is shorter and lighter than 'conventional' scopes, making it more convenient and a better choice for smaller, lighter rifles. Short in stature doesn't make the Copperhead F2 short in other departments and eye relief is similar to that on traditional scopes. Boasting good light transfer through its coated lenses, the Copperhead is the perfect alternative to the longer, flagship King Cobra when a more compact scope is desirable.

The Copperhead scopes offer pull-up/lock-down elevation and windage turrets, side parallax adjustment, fast-focus eyepiece and flip-up lens covers. Furthermore, the Copperhead features MTC Optics' latest AMD2 reticle for clear and uncluttered range markings out to extreme ranges. It also has an illuminated central crosshair to illuminate the sight picture.

MTC SCOPES

COPPERHEAD 3-12X44 F2

£312.00

Despite its small size, lacks nothing in features or optical clarity. With click-stop adjustments in MILs (1 click = 1cm at 100m), actuated via lockable, finger-adjustable elevation and windage turrets.

COPPERHEAD 4-16X44 F2

£328.00

A super compact telescopic sight that will appeal to shooters who wish for a short, lightweight 30mm-tubed scope.

KING COBRA 4-16X50 FFP F1

£379.00

The King Cobra 4-16X50 F1 features MTC's familiar SCB2 multi-aimpoint reticle. Set in the first focal plane (FFP), it ensures plenty of aimpoints to counter trajectory and windage deviation without obscuring the target.

KING COBRA 4-16X50 SFP F2

£345.00

To maintain a bright sight picture, the F2's 30mm tube has been matched to a high-quality, 50mm objective lens that's been specially coated to maximise light-to-eye transmission for a bright, clear image on every zoom setting.

MTC SCOPES

KING COBRA 6-24X50 SFP F2

£375.00

For shooters who favour higher-powered Second Focal Plane (SFP) scopes.

KING COBRA 6-24X50 FFP F1

£415.00

Will appeal to shooters who favour higher-powered First Focal Plane (FFP) scopes, where the relationship between target and crosshair size remains constant throughout the scope's entire magnification range.

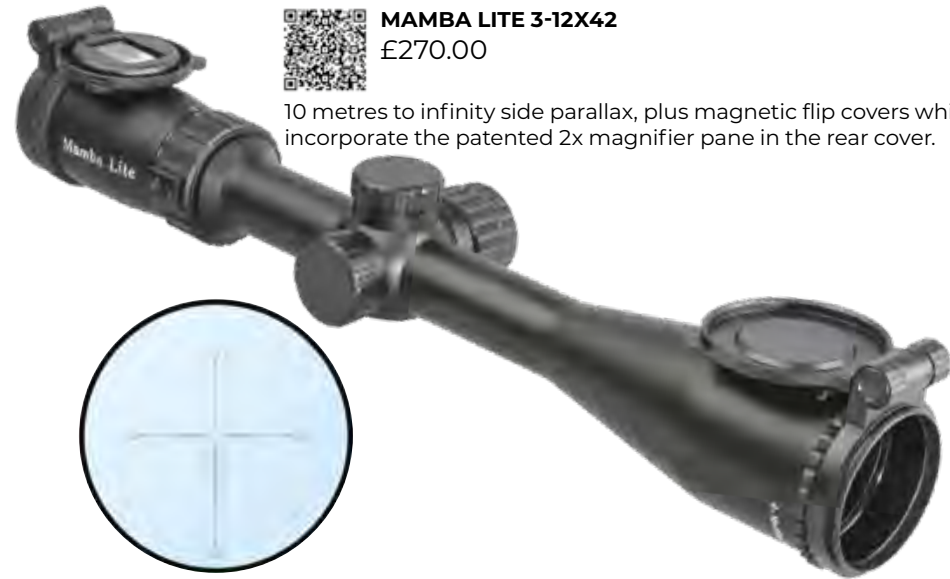

KING COBRA 8-32X50 FFP F1

£440.00

The King Cobra 8-32X50 F1 has been crafted for long-range shooters who need extra magnification as well as the ability to dial in at extended ranges.

MAMBA LITE 3-12X42

£270.00

10 metres to infinity side parallax, plus magnetic flip covers which incorporate the patented 2x magnifier pane in the rear cover.

MAMBA LITE 4-16X42

£281.00

The Mamba Lite 4-16X42 is a lightweight scope with exceptional light transfer. Features the SCB2 reticle.

MAMBA ULTRA LITE 3-10X40

£208.00

The Mamba Ultra Lite offers shooters the option to keep their combos light and manageable. Weighing just 546 grams, yet it maintains an array of practical features.

MTC OPTICS SCOPES

VIPER CONNECT 4-16X32
£339.00

4-16x Viper Connect has been paired to a 32mm diameter objective lens for the brightest of sight pictures in the trickiest of lighting scenarios. Complete with the latest AMD2 reticle.

VIPER CONNECT 3-12X32
£312.00

Viper Connect gives an amazingly wide field of view – almost double at 10X compared to a conventional scope.

MTC SCOPE ACCESSORIES & BLUEPRINT MOUNTS

SCREW-IN SUNSHADE

£21.00

Available for most scope models in the MTC Optics range. Fits objective bell to cut down reflections and improve the sight picture in challenging lighting conditions.

BLUEPRINT 30MM ADJUSTABLE MOUNTS (PICATINNY)

£62.50

30mm two-piece adjustable mounts with Picatinny clamp. Height adjustment range 35mm - 42mm.

BLUEPRINT 30MM REACH-FORWARD ADJUSTABLE MOUNTS (11MM DOVETAILED)

£67.50

Adjustable mounts with cant, length and height adjustment.

PRO SERIES SIDEWHEEL

£38.00

Larger diameter parallax sidewheel that assists in range-finding. Easy to fit.

BLUEPRINT 30MM ADJUSTABLE MOUNTS (11MM DOVETAILED)

£62.50

30mm two-piece adjustable mounts with 11mm dovetail clamp. Height adjustment range 35mm - 42mm.

BLUEPRINT 30MM CONNECT MOUNT

£38.00

A special mount for the MTC Viper Connect scope series, available in either Picatinny or 11mm dovetail fit.

COBRA/COPPERHEAD P/A SIDEWHEEL

£36.00

Larger diameter parallax sidewheel that assists in range-finding. Fits all Cobra models and, also Copperhead. Easy to install.

BLUEPRINT 30MM REACH-FORWARD ADJUSTABLE MOUNTS (PICATINNY)

£67.50

Adjustable mounts with cant, length and height adjustment.

BLUEPRINT TORCH MOUNT (PICATINNY)

£40.00

Special mount with a Picatinny adapter to fit to SWAT base mount.

FLIP-OPEN LENS COVERS

£14.00

Available individually for objective and ocular bells.

RUBBER EYE CUP

£9.50

MTC OPTICS OFFICIAL SPORTSWEAR
